SOFIA DALPONTE

SENIOR PRODUCT MANAGER

Senior Product Manager with 6+ years of experience building AI-enabled digital products that help people learn, create, and collaborate. Experienced in product strategy, discovery, experimentation, and scaling products across international markets. Passionate about combining product craft, thoughtful UX, and emerging AI capabilities to build intuitive experiences customers love.

2024/26 PRODUCT LEAD - BUTTON SCHOOL

- Defined and executed product roadmap for early-stage products, defining pilots and A/B Testing.
- Scaled top-performing product in the US market
- Built internal prototypes and workflows using AI-assisted development tools to validate concepts, automate processes and accelerate product discovery, analysis, prototyping, documentation, and decision-making.

2020/23 SENIOR PRODUCT MANAGER - IRONHACK (B2B & B2C)

- Built reusable product frameworks and standardized experiences that enabled consistent launches across 11 international markets.
- Defined core product strategy and roadmap, balancing customer value & business goals.
- Led product discovery in ambiguous problem spaces, translating user needs into clear product direction and measurable outcomes.
- Insisted on experimentation (A/B testing, user research), improving key metrics across acquisition and engagement
- Reduced operational costs by 30% through process redesign, tooling improvements and workflow automation.
- Introduced AI-powered capabilities into the product experience, iterating through customer feedback and measurable outcomes.
- Partnered closely with engineering and product design to improve user journeys, ship experiments, and scale product capabilities.

2018/20 PRODUCT OWNER - UX/UI BOOTCAMP

- Scaled product to 11 international markets and two modalities FT & PT (remote and in-person)
- Led user research, UX strategy, content design and product delivery, using continuous feedback loops to improve learner outcomes and engagement.
- Implemented feedback loops and rapid iteration cycles for continuous improvement.

I believe in tech access to empower humanity,
and that's why I want to make a difference

SOFIA DALPONTE

SENIOR PRODUCT MANAGER

8+ years of experience building customer-facing web and digital products/services. Leading cross-functional teams through discovery, strategy, delivery and continuous optimization.

Passionate about creating intuitive user experiences, using research and experimentation to drive decisions, and partnering with design and engineering to deliver products that balance user needs with business impact. Experienced across B2C, B2B and community-driven platforms in education, media and SaaS.

2025/26 WEBSITE PRODUCT LEAD - RADIO BANDA LARGA

- Led the end-to-end redesign and platform migration of RBL's website, from discovery and user research through launch, partnering with internal teams and external agencies.
- Defined the product vision simplifying the information architecture, improving content discovery and content easier to navigate.
- Coordinated launch planning and communications, delivering a faster, more accessible website that increased user engagement, content exploration and live listening.

2024/26 PRODUCT LEAD - BUTTON SCHOOL

- Defined and executed product roadmap for early-stage products, defining pilots and A/B Testing.
- Scaled top-performing product in the US market
- Built internal prototypes and workflows using AI-assisted development tools to validate concepts, automate processes and accelerate product discovery, analysis, prototyping, documentation, and decision-making.

2020/23 SENIOR PRODUCT MANAGER - IRONHACK (B2B & B2C)

- Built reusable product frameworks and standardized experiences that enabled consistent launches across 11 international markets.
- Defined core product strategy and roadmap, balancing customer value & business goals.
- Led product discovery in ambiguous problem spaces, translating user needs into clear product direction and measurable outcomes.
- Insisted on experimentation (A/B testing, user research), improving key metrics across acquisition and engagement
- Partnered closely with engineering and product design to improve user journeys, ship experiments, and scale product capabilities. Also, with marketing and sales teams to optimize B2B and B2C journeys.
- Introduced AI-powered capabilities into the product experience, iterating through customer feedback and measurable outcomes.

SOFIA DALPONTE

Senior Product Manager with 6+ years of experience building, launching, and scaling digital products across 11+ international markets. Experienced in product discovery, experimentation, operational optimization, and cross-functional leadership in both B2B and B2C environments. Passionate about building products and partnerships that create long-term value for users, businesses, and communities.

EXPERIENCE

2023/PRESENT PARTNERSHIP LEAD & BOARD MEMBER - RBL

- Lead strategic partnerships with cultural institutions, collectives, festivals, and community organizations.
- Build long-term collaborations that support sustainable ecosystem growth and community engagement.
- Coordinate cross-functional initiatives across programming, communications, partnerships, and events.
- Contribute to organizational strategy and community development in an international volunteer-led environment.

2024/26 PRODUCT LEAD - BUTTON SCHOOL

- Defined and executed product roadmap for early-stage products, defining pilots, A/B Testing and GTM Strategy.
- Launched AI-focused and design courses, iterating based on user feedback, market traction and transferable learnings.
- Scaled top-performing product in the US market
- Built operational and analytics infrastructure from the ground up, creating KPI dashboards, monitoring systems, and experimentation processes to drive continuous improvement and growth.

2020/23 SENIOR PRODUCT MANAGER - IRONHACK (B2B & B2C)

- Owned end-to-end product lifecycle for digital education products operating across 11+ international markets.
- Defined product strategy and roadmap aligned with revenue, retention, operational efficiency, and learner success metrics.
- Led product discovery and experimentation initiatives across acquisition, retention, and engagement funnels.
- Managed cross-functional collaboration across product, design, engineering, operations, and commercial teams.
- Reduced operational costs by 30% through process redesign and tooling optimization.
- Launched AI-enabled educational products and continuously improved performance through iterative testing and feedback loops, and KPI tracking & analysis.

SOFIA DALPONTE

SENIOR PRODUCT MANAGER

Product leader with 6+ years building and scaling digital products across international markets. My background combines PM, UX/UI and experimentation, allowing me to move from discovery and research through prototyping, validation and delivery.

Experienced in both startup and scale-up environments, balancing speed, user insight and business outcomes. Comfortable working hands-on with data, AI tools and rapid prototyping to turn ideas into shipped products.

SKILLS

Product

- * Product Discovery & Delivery
- * Roadmapping & Prioritization
- * KPI Definition & Measurement
- * Experiment Design & Validation
- * User Research & Customer Interviews

Design

- * UX Strategy
- * User Flows & Journey Mapping
- * Wireframing & Prototyping (Figma)
- * Content Design

Technical

- * SQL
- * Tableau
- * Python
- * API Integrations
- * AI-Assisted Development
- * LLM Workflows & Automation

Leadership

- * Stakeholder Alignment
- * Cross-functional Leadership
- * Agile Delivery

Languages:

- EN, ES, IT, FR, PT, CAT

Data Analytics Bootcamp

(2024) Ironhack

2024/26 PRODUCT LEAD - BUTTON SCHOOL

- Defined and executed product roadmap for early-stage products, defining pilots and A/B Testing. Scaled top-performing product in the US market
- Built internal prototypes and workflows using AI-assisted development tools to validate concepts, automate processes and accelerate product discovery.
- Tracked performance (revenue, retention) to guide improvements and operations

2020/23 SENIOR PRODUCT MANAGER - IRONHACK (B2B & B2C)

- Owned end-to-end product lifecycle for multi-market digital products (11+ markets, remote & in-person formats)
- Defined and executed product roadmap aligned with revenue, retention, and operational KPIs
- Led product discovery and experimentation (A/B testing, user research), improving key metrics across acquisition and engagement
- Reduced operational costs by 30% through process optimization and improved tooling
- Launched and iterated AI-enabled product features, leveraging user feedback and performance data to refine offering
- Collaborated closely with engineering and design on UX improvements and product scalability

2018/20 PRODUCT OWNER - UX/UI BOOTCAMP

- Scaled product to 11 international markets and two modalities FT & PT (remote and in-person)
- Led user research, UX strategy, content design and product delivery, using continuous feedback loops to improve learner outcomes and engagement.
- Implemented feedback loops and rapid iteration cycles for continuous improvement.

SOFIA DALPONTE

SENIOR PRODUCT MANAGER

Product leader with 8 years of experience building and scaling digital products across international markets. Experienced leading end-to-end product strategy, discovery, experimentation and delivery across B2B and B2C environments. Strong background in user research, data analysis, operational systems and cross-functional collaboration. Comfortable working at the intersection of product, technology and business, using data, AI-powered workflows and rapid experimentation to solve complex problems and drive measurable outcomes.
